Grasshopper Solar is a 100% Canadian-owned and operated company that has delivered turnkey solar power systems to the residential, commercial, institutional, industrial and agricultural markets.

We are currently seeking a commissioned **Solar Energy Advisor** to join our team.

Position Duties:

- Conduct Technical and Financial analysis for properties in your territory.
- Assessing rooftops and area surrounding properties for solar power system installations
- Create and issue a personalized report to the customer
- Oversee the delivery and install of the solar panels
- Responsible for the close-out of the project

Required Skills/Qualifications:

- College diploma or University Degree in Engineering or related discipline
- Solar industry certification (e.g. NABCEP, FSEC) and/or an understanding of PV technology and industry an asset
- Expertise in complex energy auditing and analysis techniques and practices.
- NRCAN Certified Energy Advisor, and/or relevant training in a closely related field
- Experience with CAD software and RETScreen an asset
- Hold a current Fall Arrest Training certificate
- Exceptional problem solving and analytical skills
- Excellent communication, collaborative and customer service skills
- Highly organized and able to meet deadlines
- Resourceful and dependable team player
- Ability to work with minimal supervision
- Physically fit with the ability to climb ladders and carry up to 50lbs
- Proficiency in Microsoft Office Suite
- Clean G driver's license and access to a vehicle

Please forward your resume and cover letter to careers@GrasshopperSolar.com with "Solar Energy Advisor" in the subject heading.

Please also mention the job posting source.

Grasshopper Solar is an equal opportunity employer. We thank you in advance for your interest. Please note that only those selected for an interview will be contacted.
